For the GM & Property Engineer/Maintenance Team:

- ☐ Ensure you received all items in your package.
- ☐ As required by Hilton, these graphics are to be installed by a professional sign company. Contact a local sign company or skilled contractor to schedule your installation.

For the Installer:

- ☐ Determine the waffle graphics placement by locating the space where graphic is to be installed. Note: this graphic should be installed near/behind the waffle offering when possible. This graphic is typically installed at the edge or corner of the space.
- ☐ Review the **Installation Method Instructions** on page 2, then install the graphics following the detailed instructions carefully.
- ☐ Trim graphic in field as needed.

Recommended instructions are as follows:

Tools Required: Tape Measure, Level, Straight Edge, Utlity Knife, Felt Squegee

Installation Method:

a. Make sure the entire wall surface is smooth, clean, and dry.
b. Measure the space to determine if any trimming is needed; trim to fit only if necessary.
c. If trimming is needed, only trim from the top of the graphic. Note: you must not trim from the left and right sides of the graphic.
d. Do not trim or remove any material from the bottom.
e. Dry fit the graphic to make sure it is the appropriate size.
f. Remove the wax paper backing and press the graphic against the wall at the top.
g. Press the graphic to set the adhesive from the center out working from top to bottom.
