Tools Required (Not included)

- ☐ Painters Tape

Installation Instruction:

1. Wipe down the wall to ensure it is free of dirt and dust.
2. Use painters tape to mount the supplied template to the wall in the exact location for installation (fig. 1). (See back of guide for appropriate locations.) Double check that the template is centered and level.
3. Selecting one letter at a time, peel the blue strip off the foam tape (fig. 2).
4. Match the letter up with template, then firmly press the letter against the wall (fig. 3).
5. Continue until all pieces have been mounted to the wall.
6. Slowly and carefully remove the painters tape and template from the wall.
